majority because if you upset them, they're not going to give us the few crumbs they had been giving us. So just kind of be quiet. That is not in my nature and it's not going to become a part of my nature as a result of anything that happens in this Legislature.

PRESIDENT ROBAK: One minute.

SENATOR CHAMBERS: My character will not be weakened or diluted as a result of the way I function in this Legislature but the same cannot be said for all of my colleagues. Now I'm going to watch the discussion that we have on advancing this bill unless everybody has been so intimidated by Senator Dierks that they're not going to say anything because they've got to hurry up and get it on over to Select File. Senator Schimek is just sitting there smiling like the Cheshire Cat. Here's what I bet I could do. See, Tim is smart. What Tim would do is stand up and speak for a second and sit down, I'd lose the bet. Now he's going to trick the trickster? Look, my amendment...

PRESIDENT ROBAK: Time.

SENATOR CHAMBERS: ...was a legitimate one.

PRESIDENT ROBAK: Thank you, Senator Chambers. Senator Hall. Excuse me, excuse me, Senator Hall, there's an amendment. And before we get there, items for the record.
